VIVI App Features

SETTINGS
➔ *STREAM SETTINGS*
Adjust the way Vivi streams to your classroom display.

➔ *ROOM SETTINGS*
Activate room features like Open Access to give everyone in the class presentation privileges.

➔ *PREFERENCES*
Adjust the way Vivi works on your computer.

GUEST ACCESS
If you have a guest presenter, create a code for them to access the screen without the need for them to login.

WHITEBOARD
Annotate over a virtual whiteboard. You can also load a background image to annotate over.

PLAY VIDEO
Click here to play a video on the display. Enter a URL, or select the video from your device. You can queue multiple videos to play consecutively and save as a playlist to access later.

SHARE SCREEN
If you use an Apple device you, may need to engage Screen Mirroring/Airplay. Long click for split screen.

GIVE CONTROL TO A STUDENT
See which students are connected to the room and which have requested control. To grant access, simply click the student's name. You can also preview what's on a student's device if they have requested control.

SCREENSHOT
A screenshot of the screen being presented will be saved to your device. You can also select Annotate from the notification to use the annotation tools on your screenshot.

CLOCKS AND TIMERS
Display a clock, timer or stopwatch on the classroom display.

MESSAGE CLASS
Quickly and easily send messages, including URLs, to everyone connected to the room.

ASSESSMENT
Create a multiple choice (numerical or alphabetical), Yes/No, or True/False poll.

POLLS
Monitor student wellbeing through emoji response polls, with questions such as, "How do you feel today?", and "How do you feel about the lesson?".

WELLNESS
Access Vivi's partnership with Headspace and play meditations and breathing exercises directly from the Vivi app.
