

Introducing  
Vivi Live Captions

Every Word Matters.

Extend your Vivi platform with real-time captions and translation built for modern classrooms.

Vivi is the campus communication platform powering classroom engagement, digital signage, and emergency alerts — now expanding into real-time classroom accessibility.

Real-Time Captions and Translation, Built for Teaching.

Vivi Live Captions turns spoken instruction into real-time captions and per-device translation across classroom displays and student devices.

- Students follow along in the language they understand best.
- Students who are hard of hearing see every word clearly.
- Teachers stay in flow.

Accessibility built directly into everyday teaching.

For Students  
Understand every lesson.

For Teachers  
One-click activation.  
No new apps. No workflow disruption.

For IT  
Secure, centrally managed, no added hardware.

For School Leaders  
Documented, compliance-ready accessibility across every classroom.

Vivi Live Captions can even support assemblies, parent conferences, and school-wide events where language access matters.

Bring multilingual and accessible instruction into everyday teaching.
